JOSIAH TURNER, Jr., EDITOR.

THE ALABAMA TRAGEDY.

FURTHER PARTICULARS OF THE KILLING OF THE TWO PILLOWS.

A few days since we gave an account of the shocking assassination of Messrs. Granville and William Pillow near Leighton, in North Alabama. The Nashville *Union and American* has since received more full details from reliable parties residing in the immediate vicinity, who are fully cognizant of the facts, and whose statements substantially corroborate our version of the affair. The details are enough to sicken the heart and curdle the blood of humanity.

On Sunday night, the 9th inst., Capt. Granville A. Pillow, was sitting in his room, about 10 o'clock, reading, when some one knocked at his door. He asked who it was, and the names of two neighboring boys were given. He arose and opened the door, when a shot gun was fired, the load taking effect in his mouth and chin, knocking out several of his teeth, and one shot passing out behind the ear. They were buck shot. He then arose and ran to a window in the rear of the house, jumped out through a window some feet high, and ran to a neighbor's house and told what had happened. Some of the neighbors were sent for. While exhausted, and in a dying condition, he lay down and soon became unable to speak, from the wound in his mouth. In about two hours, after some of the neighbors had gathered in, the assassins returned in mask and stood around in the room for some time. And supposing he was not dying rapidly enough, they ordered all persons to leave the room, and then went to the bed and shot him in the stomach, with the same gun, after deliberately turning down the cover. They then went out and told the men they could now go back. When shot the last time, he simply groaned and turned over on his face, and the struggle of life was over.

His brother, a young man who was staying with him, was missing, and could not be found until Tuesday morning, when he was found in a sink hole, about two miles from LaGrange. He had been hung, and then shot six times with a repeater, two of the balls taking effect in the head, and four in the body. Either four of the wounds would have been fatal. He was then cut down, leaving the leather strap still around his neck, and dragged to the sink hole and thrown in.

They were nephews of General Pillow, and were in the Confederate army. They were polite and affable gentlemen.

Of course there are many conjectures as to the murderers and the cause of the foul deed, but nothing definite is known. The community, we learn, seems determined to unravel the mystery.—*Knoxville Press.*

BEAUTIFUL INCIDENT.—In one of the schools there is a young girl who is a cripple. It is the custom of the teacher to allow her, when the scholars are dismissed, always to pass out first, in order that she may escape from the confusion attendant upon dismissal of so many children. On Monday last, when the alarm of fire was sounded, all the school-rooms were at once emptied of their contents. While in all of them they rushed out in dismay and fright, in some cases leaving everything behind, in the one where the lame child was there perfect quietness and order reigned. All the scholars, notwithstanding the noise and the apparent danger, remained quietly in their seats till their lame companion had gotten safely out and was secure from the rush, when they with a bound cleared the room. They thought of her safety before their own; neither fright nor selfishness induced them to provide for themselves until they saw her secure from peril. Such a display of consideration and kindness we have not heard of for many a day, and when we remember that it came from children, it becomes all the more touching and beautiful.—*Easton (Pa.) Free Press.*

In order to breathe well there is need of good lungs and a general vigorous condition. This can only be maintained by activity of mind as well as of body, by abundance of sleep and food, superadded to a faithful and joyous cultivation of the moral nature.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luminous and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county; no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman-like manner for those desiring them.

There are now 150 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the backward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, *this is a saving of one hand to the mill.* This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J WRAY.

I will be at Lynn Adams' Store on the 2nd or the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr P. J. Wray, Dear Sir:—I am much pleased with my Double Circular Saw Mill, built by you. I can cut a line 44 inches deep, 26 feet long, in 45 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. AL. RIDGE PARTIN.

Mr. P. J. Wray: We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, JANUARY 26, 1870.

For the Sentinel.

NEWBERNE, N. C. Jan. 27, 1870.

Editor Sentinel, Dear Sir:—I noticed in your paper of this morning, several queries concerning departed carpet baggers.

Within the last few days several have taken French leave from this city, which is delightful news to us all. When one of Sherwin's steamers leaves us, I assure you, they have the good wishes of us all, to strike a bee line to the devil.

That little "squirt," Estes, son-in-law of D. Heaton, the member of Congress, is said to have carried off his wife's jewelry and left for parts unknown.

That detestable scamp, Capt. Mowers Hobden's bosom friend, and detective, has also left with his woman's goods.

P. Merwin departed, out of the back door, on Wednesday last; first having made arrangements with that wool dyed Radical carpet-bagger, E. Hubbs, to take charge of his goods. Merwin I hope may have a safe passage to the devil!

Mr. Editor, the honest citizens of this community don't wish any queries made concerning these carrion crows. We wish the balance of that class to leave as speedily as possible.

There is one question we would like for you to ask, and let us know, viz: If our Sheriff Denson has paid in any tax collected from this county; he gave a "big" bond but we dont believe it is worth much.

That carpet-bagger, Seymour, is one of his bondsmen, and swore he was worth $30,000. He may be, but down here we don't know where it is. But he has made friends with Littlefield and the *Standard*, who denounced him so bitterly, last session. Any man can be made comfortable who will stick to Littlefield. He has made the negroes of Florida comfortable by his school house speech and by his liberality. I think you have published him as giving a thousand dollars to the negro barbecue, did the Church printing and gave the Church of Florida five hundred dollars. He lent our Commoner, Stephens, twelve hundred dollars without security, after he had filed his petition in bankruptcy.

I wish you would republish what the *Standard* said of Capt. Sweet, of the "horse marines" last session. Since he has taken a contract on Littlefield's Road, and behind the Speaker's desk settled with Judge Settle, the legislative term at four instead of two years, it will be well for us to consider in what estimate he was held by the *Standard*, before he took a contract on the Western Railroad. Let us hear from you, and oblige, CRAVEN.

Craven had a few broken hints upon carpet-bag females which we omitted in the publication. Wives must obey their husbands, and when they are compelled to follow their lords down into this hog trough of the Union, as Carlile would call it, they are not too roughly treated. As to your Sheriff of Craven, we will try to learn his financial standing with Dave the Treasurer, who sold North Carolina Railroad bonds at sixty-five. We are not surprised at the carpet-bag departures from Newbern, the same thing will occur in Raleigh, after a while, it is only a question of time. How could Craven expect men who had robbed the "cradle and the grave," to stand it as long as they did? Edward Stanly in his letter to Sumner, thus speaks of the Newbern carpet baggers. "Had the war in North Carolina been conducted by soldiers who were christians and gentlemen, the State would long ago have rebelled against rebellion. But instead of that, what was done? Thousands and thousands of dollars worth of property were conveyed North. "Libraries, pianos, carpets, mirrors, family portraits, every thing in short, that could be removed, was stolen by men abusing flagitious slaveholders, and preaching liberty, justice and civilization."

"I was informed," says Mr. Stanly, "that one regiment of abolitionists had conveyed North more than 40,000 dollars worth of property. They literally robbed the cradle and the grave. Family burying vaults were broken open for robbery; and in one instance, (the fact was published in a Boston paper, and admitted to me by an officer of high position in the army,) a vault was entered, a metalic coffin removed, and the remains cast out, that those of a dead soldier might be put in the place. Against these brutal and beastly barbarities, who has ever heard the voices of Sumner and Colyer raised."

Yes, and we might add, against such barbarities, who ever heard the voices of Heaton, Menninger or Ashley raised.

Mr. Stanley says, "Cases were numerous when old men, upon the most frivolous pretexts were thrown into prison, and after their houses and barns destroyed by fire they were robbed. I remember one instance where several houses were burned and robbed, and among others that of a Methodist preacher, whose Bible, library and only horse were stolen. He was brought to Newbern and lodged in a felon's jail, where he remained several days before I heard of it. No man since St. Stephen was stoned, ever bore injuries with more christian spirit, humble, resigned, even submissive. He used no words of anger or reproach; he had never polluted the pulpit by preaching politics, and was without the disposition or abilitity to bear arms, having for years suffered from a severe bodily injury.

I tried with General Foster's generous aid to recover his books but in vain. I complained to the General of these barbarities and of the bad effect they would have upon the minds of the people of the State.—He ordered a Colonel who commanded the expedition to call on me and hear what the clergyman had lost and see if it could be recovered. The Colonel told me he could not prevent stealing; for while the clergyman's home was being robbed, he left his valise in one room, and went into another for a few minutes, and it was robbed while he was gone. For my efforts in behalf of this good man whom I had long known, and respected for his unaffected piety of life, I was denounced for protecting rebels."

We hear that the increased receipts of the road, for the last four months, over the same four months of last year, has been near 40,000 dollars. The increased receipts of the road year after year have been wonderful. For fifty years, the talk of communication between Eastern and Western North Carolina has been upon every man's tongue. The corruptions of Holden's administration have retarded the progress of our Rail roads and thrown them back at least forty years. Before the chain that was to bind the East with the West has been completed it is proposed to sell and break out the middle link, that certain carpet baggers and Ring men may be made rich.

We were shown recently a barrel of flour from Delaware; the freight on it was less than a barrel of vineger from Kittrells Springs to Raleigh.

Let Littlefield buy the North Carolina Railroad and the agricultural products of the North Carolina farmer that pass over the road will all smell of vinegar.

THE MILITARY BILL passed the Senate on Monday night. The passage of the bill is simply a declaration on the part of the Legislature, of a want of confidence in the willingness and wisdom of the Radical officers, throughout the State, to execute the laws. This is a hard hit at the Radical Judges, Solicitors, Sheriffs, Justices and constables that have been entrusted with the execution of the laws, and the custody of the peace and honor of the State. We admit that it is all true of them, but we hardly expected this Radical Legislature to be so cruel as to thus publicly declare it on them.

Shoffner is justly entitled to all the odium of casting this reflection on his brother Rads; they will doubtless remember him for it.

RASCALLY CONDUCT.—We learn that on Sunday night the office of the "*Southern Home*," a newspaper establishment in this city, owned by General D. H. Hill, was forcibly entered and the press broken and some of the type pied. This is a great outrage.—*Charlotte Bulletin*.

NOTE.—Mr. Lindsay said in explanation of his vote, that he did not vote against the amendments, because he thought they were good, so far as they went, but to vote to concur, he considered would be a vote to sustain the bill as amended. This was the position taken by three Senators who voted against concurrence.

NOTE.—Objection was raised to having the proceedings of a meeting held by the citizens of Orange in reference to this subject, read from the Clerk's desk; Chair ruled that it was not strictly in order, and if there was objection, they could not be read. Mr. Graham requested that they should be read, but the objection was insisted on.

Mr. Robbins offered the following amendment, to-wit:

On motion the Senate adjourned.

HOUSE OF REPRESENTATIVES.

TUESDAY, Jan. 25, 1870.

(Our reporter for the House being on the sick list, we are indebted to a friend for the leading features of the proceedings of the House, yesterday, which we give below.)

A number of bills were called and referred.

The bill for the new county of Dare passed its second reading and was made the special order for to-morrow 11 o'clock.

Mr. Moore, of Chowan advocated the passage of the bill.

Mr. Jarvis opposed it and said some of the petitioners for the county were minors.

Captain Robinson called up his resolution introduced before the recess in regard to the interpretation of the school bill, he declared that the bill as it now appeared on the statute book was not the bill passed by this Legislature, (The Captains speech will appear to-morrow.) The position of Captain Robinson was sustained by Messrs. Moore, Leary, Ingram and Justice.

Leary (col.) said he voted with the minority, on the passage of the bill, as it now stood it was as he wished it to be, but it was not as the House had made it, and therefore he would vote for the resolution.

Mr. Ingram endorsed all that had been said by Capt. Robinson. This was no party question; a gross wrong had been perpetrated upon the Legislature and the State—and he wished to find out the guilty parties.

Mr. Justice said he was at heart a Republican; facts were stubborn things; the School Bill did not read as it was passed by the law making power; a fraud had been perpetrated; he did not say who did it, but he wished to find out; and these resolutions should have his hearty support.

Mr. Moore, of Chowan, said the board of education had made contracts under the law and we could do nothing to repeal or vitiate their contracts. The gentleman might introduce a law to repeal, but he should vote against it, for the law was now as he wished it.

Capt. Robinson, asked if he understood the gentleman from Chowan to say that he would oppose any law to repeal the interpolated sections of a bill.

Mr. Moore said he would, but subsequently changed his position and said he would join with gentlemen to strike the interpolated clauses from the statute book.

On motion the House adjourned.

CATAWBA STATION, N. C., Jan. 19, 1870.

MR. EDITOR:—Please find one dollar and a half ($1 50,) for which send us your Weekly SENTINEL. We will send you a similar amount soon; money comes in slowly here and in small instalments and must necessarily go out accordingly, except what goes to the Treasury of the usurpers.

The faces of men here look sombre, their eyes flash with the fire of a just indignation and their mouths speak tnunder-toned and unyielding repugnance to the reigning administration and its usurping faithless Legislature. Such is the countenance not of one man only—the picture is the face of Catawba. How changed is her appearance; once the laughing daughter of the West—her smile is changed to a frown, her cheeks once roseate with the bloom of health now impressed with the pallor of suffering. The disgocis reveals the disease. It is the blight of *Radicalism*; she has not the *disease herself*, but as a member of the body politic, her suffering is sympathetic.

Catawbians have but one word for Radicalism—"*anathema*." But a very few Radicals have been elected to office in this county. We are not to blame for the ruin and desolation of thy children, O, mother Carolina, we are protesting against thy utter and final destruction; we love thee and would have "peace within thy walls and prosperity within thy palaces." But it may be asked, what are your grievances? We respond, they are many! Find part of the catalogue below, to-wit:

1st. On the part of Legislature, a want of respect *for* and sympathy *with* the masses. They disregard rights which they are morally and constitutionally obligated to respect.

2nd. Excessive and burdensome taxes.

3rd. As a consequence of such unprecedented *taxes* in a time of peace, we reasonably expected to see the promised progress towards the completion of our great lines of railway. These promises are very poorly fulfilled.

4th. As another consequence we reasonably expected to see the credit of the State advanced; instead of this look at the monetary index.

NEW YORK, Jan. 17.

FINANCIAL.—Tennessee 6s ex-coupon 53¾; new issue 47; Virginia 6s ex coupon 53¾; new issue 60; Louisiana 6s old issue 70; new 66; Alabama 8s old issue 93; fives 63; Georgia 6s old issue 80; sevens 90; South Carolina 7s new 78½; old 75½; North Carolina 7s old issue 41; new 24½.

Why is it, that the credit of North Carolina stands at the foot of the class? Why is it lower than that of her Southern sisters? They are governed by Radicals. Is it because they have fewer "scalawags?" It may be. It is a *shame*, O it is a *shame*!

Does this last question mean that we are to give of our hard earnings to the Mammons of Wall street, one hundred cents for twenty-four and a half cents—one hundred dollars for twenty-four and a half dollars—and in this proportion pledge away millions? Are the free born sons of North Carolina thus to be "bound out" to the cushion seated, marbled countered, golden penned Mammons of Wall street! And further, are the sums thus obtained, to be given to, or allowed to be stolen by, roving carpet baggers, to the neglect of internal improvements, schools, &c, &c! Has Radicalism no Brutus! Yes, Brutus has done his work in the 33th Senatorial District and his blade is still hungry. Great Cæsar is wounded already.

5th. Having bankrupted the State, we hear that there is a movement on foot to sell out what is left, and hand us over bound hand and foot, to the Nabobs of Wall Street, N. Y.

6th. In the militia bill now pending in the Legislature we are menaced with *monocracy*, and a deprivation of the writ of *habeas corpus*—the gem of Magna Charta—the mailed armor of freemen, the central point on which all our rights and liberties were hinged by our fathers.

7th. The threatened determination of the members of the Legislature to hold over for two years beyond the limitation of the constitution and the seeming connivance of a majority of the Judges of the Supreme Court at it. Are these grievances truthfully stated? Are these complaints just? But let the ballot speak and you will hear the knell of great Cæsar. The direct tendency of all these Radical currents is rapid towards provincial despotism, dependent—if coming events cast their shadows before them—on a fast centralizing imperialism at Washington City.

Is this a dream? would to God it were. Land of the Brevards, the Grahams and the Forneys! Land of Mason, Gaston, Badger, Swain and Ruffin! What hast thou done to merit this poverty, this horse leech despotism, this tearful humiliation? Why has so many of thy children, whom in times gone, thou didst educate and clothe with riches and honor? why has so many of these, thy legitimate sons, not only deserted thee in the hours of fiery trial, but to cowardice added vileness, in joining hands with the *foreign mercenaries*, who are dancing over the graves of the fallen heroes and heaping "burdens grievous to be borne on their surviving comrades," fathers, mothers, weeping widows, and helpless orphans? "We are captives in our own land. Our harps are hung upon the willows and we are in the dust.

Hark, hark! the groaning yeomanry cry, "is there no balm in Gilead? "is there no physician there?" yes, confidence in the God of Heaven returns the echo, YES. *Truth, Virtue and Fidelity* are our leaders. "A cloud by day and a pillar of fire by night," make plain the way. Sons of Carolina! follow on! Let there be *no divisions, no strife; be steady, be firm*, and the Red Sea will soon be crossed and Canaan ours.

Mr. Editor, we cast these lines to publication, in the hope that the *appeal of suffering*, if not that of reason, may yet be heard by the destroyers of our Temple of Liberty. You are doing a noble, patriot work. Success will certainly crown your labors, for your cause is TRUTH and your enemy ERROR.

We, of Catawba, bid you God-speed.

Earnestly,
R. B. B. H.

PROTECTION TO STOCK.

MR. EDITOR:—At a public meeting held on the 16th inst., at "Sandy's School House," in Johnston county, by the citizens of Boon Hill, and Smithfield Townships, for the purpose of adopting some means, to put a stop to the depredations that are constantly being committed upon the *stock* of the country, J. P. Creech, Esq., was called to the chair, and, Iredel Godwin, and J. C. Ballard were appointed Secretaries. The meeting being duly organized, several good practical speeches were made, by Mr. B. V. Smith and others, who, not only ably discussed the difficulties the farmer has to contend within "stock raising," but pointed out how these difficulties should be met. A committee of three was then appointed to prepare resolutions for the action of the meeting. This committee after a short retirement, reported through their chairman the following:

WHEREAS, It is generally conceded that "self preservation is one of the strongest laws of nature," And, Whereas, possessing as we do, one of the finest ranges for stock in the lower country, we are absolutely unable to raise stocks of hogs, cattle and sheep, sufficient to feed our own families with, much less to supply our nearest markets—owing to a lawless set of vagrants, who seem to fancy that there is either no laws to punish, or no magistrates to enforce them,—And, Whereas, we have been living the past few years on "half rations" together with the hope of a "better time coming," when, in fact, matters are growing worse and worse every day instead of better, Therefore,

Resolved, That it is our opinion that if there ever was a time when "forbearance ceases to be a virtue," that time is "nigh unto arrived."

Resolved, That we, the farmers, comprise the hard working, taxpaying element of the country, and therefore, have a right to expect ample protection from the laws thereof.

Resolved, That we know who the offenders are, and could easily rid the country of them, as we have the numbers and consequently the physical ability to do so. But we are law loving and law abiding citizens, preferring to seek redress in a lawful way. We therefore implore our State Legislature now in session, to give us a bench of just triers who, also, are law abiding and law loving, and who at the same time are competent to discharge the duties of that responsible position.

Resolved, That those of us who have not had their lands posted, will proceed to do so without delay, and we hereby pledge ourselves to prosecute all trespassers to the extent of the law.

Resolved, That we will permit no person or persons, to settle upon our lands, who, hereaf er may be caught stealing property of any description in the neighborhood, nor will we give aid and comfort to any one, white or black, who may be unwilling to assist us in a lawful way, to correct the abuses referred to. But on the other hand, we cordially invite honest laborers, both white and colored, to settle amongst us, where they will be treated justly and kindly, and where they will be able to enjoy the fruits of their labor.

These resolutions after being ably supported by speeches from several prominent farmers present were unanimously adopted and ordered to be sent to the Raleigh SENTINEL, North Carolina *Standard* and the Carolina *Messenger*, with request to publish. After transacting other business of importance such as the appointment of committees &c. the meeting adjourned to meet on the first Monday in April.

SUPREME COURT.

TUESDAY, Jan. 25th.

Court assembled at 10, A. M. Cases from the 8th District, called and disposed of as follows:

Sappona Iron Company vs. Holt, from Rowan. Argued: McCorkle for Plaintiff, Boyden and Bailey for Defendant.

Maroney vs. Avery, Rowan. Argued: Boyden, McCorkle and Clement, for Plaintiff, Bailey and Craig for Defendant.

McConnaughay vs. Chambers, Rowan.—Argued: Boyden and Bailey for Plaintiff, McCorkle for Defendant.

The following members of the legal profession were in attendance upon Court, during the day, in addition to gentlemen of the Raleigh Bar, viz: Hons. Nat. Boyden, Burton Craig and J. H. Wilson, Messrs. C. Dowd, J. M. McCorkle, J. M. Clement, Joseph Watson, T. J. Wilson, W. J. Montgomery, and Rufus Barringer, Esqrs.

Court adjourned at 1,30 P. M.

ABSTRACT OF OPINIONS.

Alex. Johnson vs. Magistrate's Stay Law, debt. Judgment for plaintiff, for $14,50.

READE, J.: No error—judgment affirmed.

1. The first section of the 86th chap. acts of 22d March, 1869, declared unconstitutional and void.

2 A change of remedy, by Legislative enactment, for the convenience of the courts and for the purposes of justice, does not impair the obligation of contracts. But, if such change, is in favor of one party only, at the expense and material injury of another, it does impair the obligation of the contract, and is therefore void.

3. A change of remedy, intended only to delay the plaintiff unnecessarily in the prosecution of his right, impairs the obligation of the contract.

4. Decision in Jacobs vs. Smallwood, reaffirmed.

Isaac Whitesides vs. W. W. Green, Administrator, from Cleaveland. Practice—action on the case—plaintiff declared for services rendered in supporting his mother-in law, the intestate of the defendant.

RODMAN, J.:—Error—Venire de novo.

1. Art of 1868-'69, chap. 113 sec. 80, is confined to cases, in which administrator had a remedy pleaded.

2. No interested party shall swear to a transaction with a deceased person, to charge his estate, because the deceased cannot swear to reply. There is no repugnance between chap. 6, and chap. 7, of title 10 in C. C. P.

3. When the right of a defendant to plead exists unimpaired, the Judge has no right to put him on terms, or to limit the exercise of his right, by any conditions as he would have where the defendant has lost his right, and asks for an indulgence.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, JANUARY 26, 1870.

☞ JNO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c. &c.

NEW ADS.—R. B. Andrews & Co., announce a new partnership arrangement, and at the same time a fresh arrival of "Spring style Moleskin Hats," just the ton, the hat which no fashionable young man can afford to dispense with.

Flour dealers are referred to the advertisement of S. Duer, Baltimore.

W. H. Jones & Co., offer a small tract of land near the city.

Leach Brothers advertise hay, flour and tobacco.

ASPIRING.—Shoffner, having immortalized himself by the introduction of what future history will denominate "the infamous military bill," has a desire to try how one feels in an exalted position; at least we judge so, if what we have heard be true, that he asked the President of the Senate, recently, to *call him to the Chair, sometimes!* Perhaps he intends to run for Lieutenant Governor, next time, and wants to "sorter get the hang of it."

BACK AGAIN.—Moring was back in his seat yesterday; but seemed only to have gotten clear of a portion of his disabilities. How he can sit there and vote, day after day, when he knows the constitution of the State, which he has sworn to support, debars him from occupying the seat he does, is more than we can understand. We understand that Moring was hard up to find a boarding house last night.

Brother Blythe sometimes forgets whether he is the Senate or at camp meeting. He recently commenced "a few remarks" to the Senate with, "fellow sinners." The address was very appropriate to the audience, if not to the place.

ATTENTION BUCKET COMPANY.—There will be a meeting of Bucket Company No. 1, held at the Court House on Wednesday evening the 26th inst., at 7½ o'clock, for the purpose of organizing for the year 1870, and electing its officers. Each and every member will please attend, as there is business of great importance certainly to be transacted.

FREE SCHOOLS.—The Asheville *Pioneer* calls for the organization of the free schools. Simple man that he is, don't he know enough of such things to be aware that not one proper step has been taken in that direction. The Superintendent of Public Instruction don't know how to organize free schools in North Carolina; he seems to think the thing cant be begun and carried on like it is in Massachusetts, forgetting that there is a vast difference between free schools in a State where the system has been long established and having a liberal school fund, and a State where the system is to be started and carried on with very limited means, and by a man unknown to the people, and distasteful to them.

RALEIGH NATIONAL BANK.—The following officers for this bank for the next year, were elected on yesterday,

DIRECTORS.

Charles Dewey, W. H. Willard, A. S. Merrimon, R. S. Tucker, W. J. Hawkins.

Charles Dewey, President; W. H. Willard, Vice President; P. A. Wiley, Cashier; John G. Blake, Teller.

A Stitch in Time Saves Nine.

If you have a cough, *do not neglect it*; thousands go to an untimely grave by neglecting what they call "a slight cold." These slight colds are very insidious. They soon become deep-seated and defy all remedies. DR. TUTT'S EXPECTORANT will cure it. It can be had of any Druggist.

jan 24-eod1w

A Body and Mind Disease.

Such is dyspepsia. The stomach and the brain are so intimately allied for the one to suffer without the other, so that dyspepsia and despondency are inseparable. It may be added too, that irritation of the stomach is almost invariably accompanied by irritation of the temper. The invigorating and tranquilizing operation of Hostetter's Bitters is most powerfully developed in cases of indigestion. The first effect of this agreeable tonic is comforting and encouraging. A mild glow pervades the system, the chronic uneasiness in the region of the stomach is lessened, and the nervous restlessness which characterizes the disease is abated. This improvement is not transient. It is not succeeded by the return of the old symptoms with superadded force, as is always the case when unmedicated stimulants are given for the complaint. Each dose seems to impart a permanent accession of healthful invigoration. But this is not all. The aperient and antibilious properties of the preparation are scarcely secondary in importance to its tonic virtues. If there is an overflow of bile the secretion is soon brought within proper limits, and if the biliary organ is inert and torpid it is toned and regulated. The effect upon the discharging organs is equally salutary, and in cases of constipation the cathartic action is just sufficient to produce the desired result gradually and without pain. The Bitters also promote healthy evaporation from the surface which is particularly desirable at this season when sudden spells of raw, unpleasant weather are apt to check the natural perspiration and produce congestion of the liver coughs, and colds. *The best safeguard against all disease is bodily vigor*, and this the great Vegetable Restorative essentially promotes.

NORFOLK, VA., Jan. 7, 1870.

Editor Sentinel, Raleigh, N. C.:

DEAR SIR:—Please allow us to state that the freight on Shell Lime has been reduced over half of former rates, on the S. & R., R. & G., W. & W. and N. C. Railroads. This arrangement to last until 28th of March, and to urge upon your people the real value of this Renovator of the soil, and the importance of sending us their cash orders now, that they may realize the advantages of this liberal reduction in freights.

For the Sentinel.

MR. EDITOR:—Closed I send you a specimen of the fossil shells of a corralline (the palmatrochia Emmerson) found in the taconic formation of Montgomery Co., of this State, at least 5,000 feet lower than any fossil animal organism now known in the world; and the first creation that probably was put upon the globe—certainly before any vegetable. You observe it is siliceous. A distinguished German mineralogist, lately pronounced it a *distorted quartz crystal!* The fossils are over 1,000 feet thick, and a vast mass of shells cemented together with ... and 6,000 feet thick, including the alternating argillaceous slates, and crop out for nearly 20 miles! certainly a great freak of nature if they be distorted crystals of quartz! The accompanying mineral are quartzite, argillaceous and talcose ..., and the singular and beautiful agalmatolite or *Chinese figure stone*, of which they make their gods; and our Yankee friends, grind it up and adulterate *flour, toilet soap and paint!*—also porphyry and grindstone.

... ISLAND, Jan. 15, 1870.

MR. EDITOR:—Dr. Stephenson, of Georgia, is now exploring the lower gold belt of N. C. in Montgomery and adjacent counties, with a view to determine the *character* as well as the ... of the metaliferious veins; and also see the mooted question of the oldest fossiliferous rocks, which he, in confirmation of Prof. Emmons opinion, believes to exist in the taconic system, or formation Montgomery county; at least 5000 feet lower than any animal organisms now known to exist in the world. But he differs essentially with the professor in regard to the *age and character* of the metaliferous veins in this region; whilst the former believes the gold to be *sedimentary*, the Dr. believes the veins to be *volcanic* and vastly more recent than the sedimentary veins of Rowan and Mecklenburg. He says it proves another important fact, that all animals and vegetables were not introduced on the earth at *one time* and at *one center place*; as taught in our schools; but at widely different periods, as the earth's temperature became adapted to their natures and habits. For we find no *vertebral* or lung-breathing animal remains in the sedimentary rocks, until we reach the carboniferous group; countless ages after fully half the animal kingdom had been placed on the earth—fulfilled their destiny and became extinct."

Some divines affect to believe that this doctrine destroys the validity of the Bible; but so far from that being the case, every development in geology, chemistry, archæology and astronomy, for the last forty years, prove more and more the truth of the sacred book; yet they prove as positively, Bishop Usher's chronology to be false. The sculptures on the buried temples of Memphis, Karnac, Thebes and other cities; and the dates on the sarcophagi, of the catacombs, prove that they were erected and the bodies embalmed more than one thousand years before the flood, according to the Bishop's computation. Lord Rawlinson is now exhuming the bricks in the palace of Belshazar, in Babylon, made and built with the inscribed history of the creation more than a thousand years before the Bible was written! This only confirms the truth of history. If Bishop Usher were now living he would not fix a date to the creation. God does not. But the sacred historian says, "In the beginning God created the heavens and the earth, and the earth was without form and void, &c." We hope the Doctor, every success in his experiments.

Truly yours, M.

For the Sentinel.

THE HONEY BEE.

When a colony contemplates swarming, or, the queen be removed, the bees construct from one to fifteen or twenty queen cells, and when the first one is matured she liberates herself by cutting around the base of the cap with her mandibles and then emerges through the circular orifice thus formed at the apex of the cell. If we are anxious of preserving the supernumerary royal cells from destruction, they must be removed on or before the 10th day, or we may find them on the 11th, torn open on their sides and the embryo queens ejected.

If a colony contemplates swarming, the bees will protect the queen cells; but if it does not, then the first queen that emerges will open them and destroy the chrysales. This is the only circumstance under which a queen has been known to use her weapon of defence.

After a young queen has been successfully reared, it is still very uncertain whether she will become perfectly fertile. To become so, it is indispensably necessary that she mate with a drone, and for this purpose, she usually leaves the hive about the third day after she emerges from the cell, if the weather be fair; if not, then on the first fair day, she will take her hymeneal excursion between the hours of twelve and three o'clock,—at which time the drones are more numerous than at any other time during the day.

After a queen becomes fertile, she never leaves her hive again, unless when accompanying a swarm. To ascertain this fact, it is only necessary to clip one of her wings after she has commenced laying. She will continue fertile as long as she lives, which is an average of three years.

An Italian queen fecundated by a common drone, produces during her life hybrid workers, but pure Italian drones, showing, conclusively, that the male eggs are not impregnated. The same is the case with a black queen; if she mates with an Italian drone, her workers will be hybrids, and the drones pure blacks.

If a queen (which if often the case) should have defective wings, which would prevent her from making her hymeneal excursions, then she would become a drone laying queen, and the stock would soon go to nothing, because the drones cannot gather honey nor build comb. There is a great difference in the degree of fertility exhibited by queens, some being much more prolific than others. A healthy queen has the ability to lay as high as three thousand eggs per day. This may seem incredible to some; yet, when we know, that from the time the egg is laid, that there will be fully matured bee in twenty-one days; it is not unreasonable to suppose but what this is correct.

Let us examine a colony of bees in May or June,—in the swarming seasons,—when they are raising brood more rapidly than at any other time, and we will find nearly all the combs filled with eggs and brood; then let us divide them into twenty-one equal parts, and we will find an average of what the queen lays each day.

WASHINGTON.

WASHINGTON, Jan. 24—Revenue $617,000. Delano will recommend that the Indian Territory be erected into Assessor and Collector districts, to collect the tax on tobacco, whiskey and malt liquors.

The Ways and Means Committee seem to favor the raising of the duty on manufactured articles and iron.

The Supreme Court to day decided, in a case coming from the northern district of Alabama that the plea of Confederate authority is no justification for the indictment, arrest and imprisonment of a party for treason against that power, by its Courts, officers and Grand Juries.

Governor Walker, holding that the joint resolution, adjourning the Legislature without his approval, he will proclaim the convocation as soon as the President signs the bill of admission.

George P. Peck, Collector Internal Revenue, second district, of North Carolina, and D. H. Starbuck, Attorney for North Carolina, have been confirmed.

In the Senate Morrill qualified as Fessenden's successor.

The bill to provide for the national currency of coin notes, and to equalize the distribution of the circulating notes, was taken up and discussed to the executive session.

House, among the bills introduced was one resuming possession of lands granted to Arkansas for a Railroad from Mississippi, via. Little Rock to the Texas boundary, one paying letter carriers $120 per annum; one increasing the number of Judges of the Supreme Court and defining the jurisdiction of the U. S. Courts; one conveying certain property in Beaufort District, S. C., for school purposes, one for paying black and white soldiers equal bounties, and one establishing a postal telegraph which was referred to a special committee of seven.

After passing a resolution, yeas 128, nays 25, that the committee on elections is a judicial body; the Virginia bill was taken up, and after a very short debate between Bingham, Butler and Farnsworth, mostly of a personal character, the House concurred in the bill as it came from the Senate, and the bill then passed by a strict party vote. The House then adjourned.

VIRGINIA.

RICHMOND, VA. Jan. 24.—News of the final passage of the bill admitting the State, was received here after dark. There appeared to be a general feeling of welcome relief but none of the demonstrations of joy that followed the passage of Bingham's unconditional bill in the House.

The city Council, on the receipt of the intelligence, passed a resolution hailing with delight, Virginia's return to the Union, and requesting Gen. Canby to fire one hundred guns in honor of the event, to-morrow.

MASSACHUSETTS.

BOSTON Jan. 24.—The barque, Julia, brings Haytien advices to the 14th. The provisional government has decreed four cents per pound, tax on coffee, commencing Feb. 1st. Troops have been sent south to suppress unimportant disturbances which threatened the new government; otherwise everything was quiet.

FOREIGN.

LIVERPOOL, Jan. 24.—The colliery riot at Sheffield threatened serious results. It is anticipated that 500 European clergymen will attend the evangical alliance in New York September 5th.

A fire occurred in Joseph's Chapel yesterday; 15 persons were trampled to death and a great many injured.

MADRID, Jan 24.—The Duke of Montpensier has been elected Deputy to the Cortes from Oviedo.

MARKETS.

WILMINGTON, Jan. 24.—Spirits Turpentine strong at 42; Rosin quiet, strained, 1 50, crude turpentine 1 65 to 2 80; Tar 2.10; Cotton quiet and steady 23 to 23¼

BALTIMORE, Jan 24.—Cotton dull and firm; Flour favors buyers, Howard street superfine 4,75 to 500; Wheat firm, prime to choice red 1,30 to 1,35; Corn firm, 98, to 1,02, yellow 95; Oats steady 53 to 55; Pork 29½ to 30; Bacon firm and active, shoulders 13½; Whiskey closed active at 100.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, Jan. 25.—The weather continues very thick.

L. B. Tuck, of the Spotswood Hotel, Richmond, is here to invite Prince Arthur, in behalf of the citizens of Richmond, to visit that city. Mr. Tuck visited Thornton and was informed that the Prince would go no farther South now, but would probably visit the South before returning to Europe.

In the House the League Island bill was discussed.

In the Senate the California Whiskey seizure was considered. Robertson presented a bill removing individual *disabilities*.

In the election committee, Porter, on account of alleged bad record for loyalty; Segar, on account of doubtful legality, representative at large; Booker and McKenzie, on account of their seats being contested, will be retained for further consideration; the balance of the delegation will be admitted upon taking the usual oath.

The Virginia Senators are not here. There was no action regarding them.

The Virginia bill is now engrossed and is in the Senate awaiting Colfax's signature. On its return it will go immediately to the President. The admission will certainly be completed today, and if the President's approval is returned in time several of the Virginia members will be seated to-day.

VIRGINIA.

RICHMOND, Jan. 25.—A salute of 100 guns was fired in the Park at noon to-day, in honor of the admission. About 5000 persons were present, two-third's of whom were colored. The national flags were raised on the custom house and capitol. Governor Walker spoke a few minutes in congratulation on the admission and predicted a glorious future for Virginia. A colored Conservative and a number of colored Republicans, made political speeches, the burden of the latter being that if the State did not follow the spirit of the reconstruction acts, she would be put back as a territory!

HENRY'S CARBOLIC CONSTITUTION RENOVATOR, OR BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villanous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both became infected alike. Men, women and children throughout all the West are most wofully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of ... Poisons ... enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kidneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Koper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovater," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5 Please send me a supply. Two families here want to try your Constitution Renovator"

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c. *And for Female Disorders,*

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law is our New York Post-Office compels this.

"The Norfolk Oil and Fish Guano COMPANY'S PHOSPHATIC FISH GUANO,

PRICE $50 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk Virginia.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and Soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudices produced by the use of manufactured made article.

H. Lederman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the produce much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer"

J. J. Borton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

The Georgia Mutual

IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.
IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, note the following points.
1st. Low Rates of Insurance, with a credit of one third the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3rd. Policies Non-forfeiting after the first payment.
4th. Policies indisputable from any cause save fraud.
5th. No restrictions of Residence, Travel or occupation.
6th. It is a Mutual insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

7th, Under the Charter of this Company, Polices of insurance are not subject to the debts of the insured. Polices in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.
The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit,

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.
The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."
Policies issued on all the popular plans and all Non-Forfeiting.
Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 4,161, so soon as the party authorized to receive the money appears.
The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.
Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.
It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.
See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had massed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
